

Orientation Session with FinTram Global

Date: 25th September 2025

Venue: Karampura Campus

Ambedkar University Delhi (AUD) recently entered into a Memorandum of Understanding (MoU) with FinTram Global, a leading professional education provider headquartered in Delhi. The MoU, signed on 8th May 2025 in the presence of the Hon'ble Vice Chancellor, was the starting point for a new collaboration aimed at enhancing international education in accounting and finance. The agreement set the context for a series of academic activities that would directly benefit AUD students.

The main objective of this partnership is to provide students with access to globally recognized professional courses such as ACCA, US CPA, US CMA, and IFRS, thereby equipping them with the skills and certifications needed to thrive in an increasingly competitive job market. By creating opportunities for educational support, professional development, and exposure to international qualifications, the collaboration seeks to build strong pathways for student career growth.

As part of these objectives, an orientation session was organized on 25th September 2025 at the Karampura Campus. Coordinated by Dr. Rekha Gulia and co-coordinated by Dr. Neelu Verma, the event was conducted by representatives from FinTram Global. During the proceedings, the speakers briefed students about the structure, content, and value of the professional courses on offer. They emphasized how these qualifications could enhance employability and open avenues for global careers.

A special feature of the event was the announcement of a scholarship test exclusively for AUD students, through which successful candidates could secure tuition fee waivers ranging

from 100% to 50%. This initiative highlighted the commitment of both AUD and FinTram Global to making international education accessible and affordable for deserving students.

All students from the B.Voc Accounting and Finance programme attended the session with enthusiasm. They actively interacted with the resource persons and gained useful insights into how professional courses could complement their academic journey. The outcome of the event was highly positive, as it not only introduced students to new learning opportunities but also motivated them to envision a broader, global scope for their careers.

The orientation session was thus a significant step in operationalizing the MoU, marking the beginning of the collaboration between AUD and FinTram Global to enhance academic excellence and professional preparedness.
