**Report on the 17th FICCI Global Skills Summit 2026**

***Theme: Skills for the Intelligent Age: Expanding Pathways, Shaping Possibilities***

***Date: 12–13 August 2026***

**Introduction**

The 17th FICCI Global Skills Summit 2026 held on 12th and 13th August at FICCI Federation House, New Delhi provided students with an excellent opportunity to interact with experts from the fields of education, industry, technology, and skill development. The event focused on preparing young people for the changing demands of the modern world. 100 Students from SVS participated in the summit to understand how new technologies, innovation, and industry requirements are shaping future careers.

**Students' Perspective**

From a student's perspective, the summit was both informative and inspiring. The discussions helped students understand that academic qualifications alone are no longer enough in today's competitive environment. Developing practical skills, communication abilities, digital literacy, creativity, and problem-solving skills has become equally important. The event also highlighted the growing influence of artificial intelligence and technology in different professions. Students learned about new career opportunities and the importance of continuous learning to remain relevant in the future job market. The award ceremony and interactions between experts, educators, and participants created a motivating environment. Students were encouraged to explore their interests, participate in skill-based programs, and become active learners.

**Key Takeaways**

- Skills and education should go hand in hand.
- Technology is changing the nature of work.
- Continuous learning is essential for career growth.
- Industry collaboration creates better employment opportunities.
- Innovation and creativity are important for future success.

**Conclusion**

The 17th FICCI Global Skills Summit 2026 was a valuable learning experience for all students. The event increased awareness about the importance of skill development and encouraged students to prepare themselves for the challenges and opportunities of the future.
