PhD in Mathematics
Admissions 2025-2026

SCHOOL OF LIBERAL STUDIES

SLS is home to postgraduate studies and research in Economics, History, Sociology and Mathematics. It offers a range of interdisciplinary, diverse, and overlapping programmes that support, encourage and redefine liberal arts education through cutting-edge interdisciplinary courses, interactive pedagogy and learning that goes beyond classroom spaces.

PhD Program in Mathematics

The PhD programme in Mathematics provides students the opportunity of both rigorous and specialist training. The year long compulsory coursework allows students to build core strengths as well as specialist knowledge via elective courses. Research guidance is available broadly in areas aligned to Algebra and Analysis. Regular meetings for research guidance, research seminars, conferences, regular presentations provide the scholar an opportunity to have the requisite academic training for a career in Mathematics. Students are also expected in their senior years to experience hands on training in teaching mathematics to undergraduates.
