SCHOOL OF LIBERAL STUDIES

SLS is home to postgraduate studies and research in Economics, History, Sociology and Mathematics. It offers a range of interdisciplinary, diverse and overlapping programmes that support, encourage and redefine liberal arts education through a number of interdisciplinary courses, participatory pedagogy and teaching-learning processes that go beyond the classroom to engage with the field.

PhD in ECONOMICS

The PhD programme in economics aims to provide a well-rounded and rigorous training in economics which will enable research scholars to address substantive questions using economic theory and empirical methods. It aims to produce scholars alive to the multiplicity of disciplinary traditions in economics and the connections of these traditions to each other and to other branches of human knowledge.
