The students of BBA First Year attended the Panel Discussion.

Women entrepreneurship in India is a topic that's been gaining traction in recent years. Women are no longer content with being just homemakers; they have been able to make a mark in the business world. However, women still face several challenges when it comes to starting and running their own businesses. Today, we're going to delve into these challenges and try to find some solutions.

Some of the challenges being faced include Stiff Competition, Family Ties, Mindness, Work Life Balance etc. The Women Entrepreneurs stressed on the need to keep working towards your goal.
