CENTRE FOR ENGLISH LANGUAGE EDUCATION (CELE)

CELE aims to address in-house English language needs, to undertake outreach programmes to promote quality English education, especially through capacity building of teachers, and to evolve as a premier centre for research and consultancy in English language education in India. Currently it runs English proficiency, academic English and ESP courses for AUD students. It proposes to launch MA, MPhil and PhD programmes in ELE, besides short-term capacity building courses for in-service teachers, in the near future. CELE is also in the process of developing collaborative projects and programmes with several national and international universities and educational bodies.
