How to install AUD SSL VPN in your computer. A Step by Steps guide

If you face any difficulties please write us at "itservices@aud.ac.in" or visit IT Services

Open any Browser and type <u>https://14.139.235.3</u> in address bar then press Enter. (One time setup)

Click on Advance and then proceed to open log in page.

U # C 🚍 🟦 🕿 🧿 🖉 🚾

⑦ 於 へ 記 ⑴ ENG 17:10 23-05-2019 ₹2 Enter your network id and password, click on log in page.

Click on "Download Client and configuration for windows" or other link to download the client.

Now Install the downloaded SOPHOS client software and follow the screen instruction to complete the installation process.

Get Required Resources

INFED: The INFLIBNET Centre, as one of its core mandates, provides access to scholarly e-resource to universities and colleges in India under the e-ShodhSindhu. The <u>INFED (INFLIBNET Access Management Federation</u>) is being set-up as a centralized agency to coordinate with member institutions in the process of implementation of user authentication and access control mechanism distributed across participating institutions using standardized rules and metadata for exchange of attributes.

Login = https://idp.aud.ac.in/

At the time of INFED Access you need to follow the steps followed in VPN Access but you need separate Username and password provided by IT Division of AUD.
